

24 HOURS A DAY, 7 DAYS A WEEK

We are always on call to respond quickly to your calls for help. Every year there are thousands of accidents in the home, workplace, and on the road, which require medical attention or a visit to the hospital.

When seconds count, count on us.

**We're your local emergency
medical service providers
and we need your help.**

The official registration and financial information of Levittown-Fairless Hills Rescue Squad may be obtained from the Pennsylvania Department of State by calling toll-free, within Pennsylvania, 1-800-732-0999. Registration does not imply endorsement.

FILE OF LIFE PROGRAM

Similar to the Vial of Life, the File of Life is provided by the Levittown-Fairless Hills Rescue Squad, Inc., to residents in the area to help you and us in an emergency. The File of Life is a compact file that is contained in a red plastic sleeve. The red sleeve makes the File of Life easy to identify and is asked to be kept on the outside of your refrigerator door. The file contains important information about you and your medical history. Medications, allergies, and emergency contacts. The File of Life can save your life in an emergency in which you are unable to communicate with the ambulance crew. During emergencies, it is often difficult to remember information. The File of Life makes informing the emergency medical service providers of your medical information quick and complete. Please check the box on the subscription request to have information mailed to you about our File of Life program or contact us at [215] 547-2822, ext. 21 or www.lfhrs.com.

PROUDLY SERVING OUR COMMUNITY SINCE 1955

WHY YOU SHOULD BECOME A SUBSCRIPTION MEMBER

The cost of ambulance service can range from \$400 to \$1,700 depending on the severity of the emergency. Most insurance companies, including private insurance companies, HMO's and government programs, such as Medicare, pay only a portion of the cost of ambulance services. Our subscription membership program helps reduce the unpaid, uncovered or non-eligible portion of your bill for services rendered to you.

YOUR INSURANCE COMPANY AND THE EMERGENCY SERVICES CLAIM PROCESS

We are required to bill your insurance company for the fees associated with providing emergency medical care. We also must bill our patients for their deductible, non-covered services or terminated coverage. Your subscription membership may help with some of these out-of-pocket charges! We also want you to be aware that many insurance companies are changing their policies and placing the burden of claims processing on the patients. Because of these changes you may be responsible for following up with your insurance company to get your claim processed and forwarding any payments you receive from your insurance company for our services, to us. We are here to assist our subscription members as necessary. Please note that non-compliance with the above patient responsibilities may result in termination of membership eligibility.

OUR MISSION

Our mission is to provide the best possible pre-hospital emergency medical services, transportation, and health and safety awareness to the residents and visitors of the communities that we serve.

OUR SERVICES TO THE COMMUNITY

- * **24-hour Advanced Life Support Coverage.** Our EMT's & Paramedics provide the finest in care and transportation to local hospitals. In 2008, we responded to over 5,700 emergencies.
- * **Medical Stand-by Coverage for Special Events.** Look around; you'll see us at football games, firework shows, festivals and around town at various community events.
- * **CPR and First AID Class.** We provide on-site medical training. If you as an individual or your group are interested in any medical training, please call us.
- * **Proud Host of the PA Department of Health.** We provide on-site Emergency Medical Training courses and continuing education courses for our professional emergency medical providers.
- * **Community "File of Life" program.** A bright red packet that sticks on your refrigerator and when completed will contain your emergency medical information to help emergency personnel during a time of crisis.
